

Gage Scovil is a health, safety and environmental consultant focused on supporting clients with safety and industrial hygiene services.

He graduated from Slippery Rock University of Pennsylvania with a degree in Safety Management in August 2022 and completed a Safex internship in Summer 2022.

Gage acquired his OSHA 10 in Construction and hopes to acquire his OSHA 30 in construction. He's a registered member of the American Society of Safety Professionals (ASSP). Gage primarily works with construction safety clients, and he supports with Lockout-Tagout procedural writing.

He received training and certifications in Spill Response, FEMA Intro to Hazardous materials, DOT General Awareness, Permit-Required Confined Space Entry, First Aid and CPR/AED certified, and Fire Extinguisher training. Gage is interested in pursuing more certifications and trainings while working at Safex.
