

Be an Industrial Hygiene Consultant at Safex

Are you looking to make your mark in the field of industrial hygiene? Here's your chance to join Central Ohio's premier health, safety and environmental consulting firm.

While there are many opportunities in the field of occupational health and safety, Safex offers paid professional development (e.g., become a CIH), mentorship opportunities, work life balance and supportive and fun teammates. While no day is ever the same at Safex, you'll be regularly:

- Conducting non-industrial indoor air quality assessments, including mold
- Selecting appropriate respirators based on the hazard
- Preparing written final reports, including conclusions and recommendations for all industrial hygiene assessments
- Conducting full-shift occupational exposure sampling for physical, chemical and biological agents
- Conducting qualitative and quantitative fit-testing in accordance with the OSHA standard
- Providing straightforward regulatory interpretations
- Consulting with all types of industries
- Preparing written programs to meet individual regulatory standards and customer needs
- Building relationships and increasing service offerings with existing clients

Must have skills:

- A degree in industrial hygiene or related science field
- 1-2 years of diverse industrial hygiene monitoring experience including preparation of written reports
- Attention to detail
- Critical thinking and problem-solving ability
- Effective organizational and time management skills to balance multiple projects simultaneously
- Strong written communication skills
- Strong intrapersonal communication skills
- Strong Microsoft Office skills

Nice to have skills:

- Manufacturing experience

About Us: Safex is a growing health, safety and environmental (HSE) firm focused on keeping employees safe and on the job. In 30 years of business, we've established ourselves as the trusted HSE resource to hundreds of businesses in the Midwest and beyond. We consult with clients in all industries. That keeps our work varied and it helps our team grow and learn new things every day. [Learn about our values in this video.](#)

Why Safex?

- Diversity in work tasks: never the same day!
- Autonomy to schedule your own jobs and travel
- Culture focused on self-accountability – no micromanaging
- Reasonable billing expectations for work-life balance
- Alternate work hours – work 9-hour days and get two three-day weekends a month
- Comprehensive training and professional development (including full reimbursement for earning a CSP, CIH or CHMM)
- Flat organizational structure with opportunities for growth
- Safex has its own foundation supporting women and children and sponsors at-risk students in a work study program
- Culture focused on effective and positive communication
- Flexibility to work at home, in the office and at client sites
- Military friendly

Also enjoy:

- Year-end profit sharing with increasing percentage based on years of service
- College tuition reimbursement up to \$5,000 a year for employees and dependents
- On site gym with Rogue fitness equipment
- Medical coverage with company paying 65% of the premium
- Life and disability insurance at no cost to you
- Time for community service
- 401 (K) with immediate vesting
- Access to a mentor in your field
- 8 company holidays + 1 personal holiday of choice
- Discounts on attractions and travel
- Full company financial transparency
- Environmentally sustainable office practices and environmental charity work
- Full time and part time careers depending on your stage in life
- Making a difference by keeping people safe and on the job
- PTO and option to purchase additional week

Safex is an equal opportunity employer, committed to sustainable practices and giving back to our community. If this position sounds like a good fit, please send resume to Megan Scherer mescherer@safex.us.
