

Be a Safety Consultant at Safex

Are you looking to make your mark in the field of safety? Here's your chance to join Central Ohio's premier health safety and environmental consulting firm.

While there are many opportunities to be a safety professional, Safex offers paid professional development (e.g., become a CSP), mentorship opportunities, work life balance and supportive and fun teammates. While no day is ever the same at Safex, you'll be regularly:

- Conducting construction site safety inspections
- Developing lockout tagout and confined space entry procedures
- Conducting qualitative and quantitative fit-testing in accordance with the OSHA standard
- Preparing written programs to meet individual regulatory standards and customer needs
- Providing onsite safety staff support for construction and manufacturing clients
- Developing and presenting toolbox talks and single subject training sessions
- Providing straightforward regulatory interpretations
- Building relationships with clients and increase service offerings with existing clients
- Participating in scheduled marketing programs and activities

Must have skills:

- A degree in safety or related science field
- At least one year of safety experience (internships count)
- Critical thinking and problem-solving ability
- Strong written and verbal communication skills
- Attention to detail
- Effective organizational and time management skills to balance multiple projects simultaneously

Nice to have skills:

- Experience preparing written reports and programs
- Identifying hazards and proposing corrective actions in both industrial and construction environments
- Interacting one-on-one with workers and management to discuss potential hazards and corrective actions

About Us: Safex is a growing health, safety and environmental (HSE) firm focused on keeping employees safe and on the job. In 30 years of business, we've established ourselves as the trusted HSE resource to hundreds of businesses in the Midwest and beyond. We consult with clients in all industries. That keeps our work varied and it helps our team grow and learn new things every day. [Learn about our values in this video.](#)

Why Safex?

- Diversity in work tasks: never the same day!
- Autonomy to schedule your own jobs and travel
- Culture focused on self-accountability – no micromanaging
- Reasonable billing expectations for work-life balance
- Alternate work hours – work 9-hour days and get two three-day weekends a month
- Comprehensive training and professional development (including full reimbursement for earning a CSP, CIH or CHMM)
- Flat organizational structure with opportunities for growth
- Safex has its own foundation supporting women and children and sponsors at-risk students in a work study program
- Culture focused on effective and positive communication
- Flexibility to work at home, in the office and at client sites
- Military friendly

Also enjoy:

- Year-end profit sharing with increasing percentage based on years of service
- College tuition reimbursement up to \$5,000 a year for employees and dependents
- On site gym with Rogue fitness equipment
- Medical coverage with company paying 65% of the premium
- Life and disability insurance at no cost to you
- Time for community service
- 401 (K) with immediate vesting
- Access to a mentor in your field
- 8 company holidays + 1 personal holiday of choice
- Discounts on attractions and travel
- Full company financial transparency
- Environmentally sustainable office practices and environmental charity work
- Full time and part time careers depending on your stage in life
- Making a difference by keeping people safe and on the job
- PTO and option to purchase additional week

Compensation: Based on experience with a range of \$55,000-\$75,000. You'll also be eligible for year-end profit sharing.

Safex is an equal opportunity employer, committed to sustainable practices and giving back to our community. If this position sounds like a good fit, please send resume to Megan Scherer mescherer@safex.us.
